the full description of the programme ...

Day 1

Arrival at the hotel. Welcome's cocktail and presentation of the programme. Dinner at the hotel and overnight stay.

Day 2

After breakfast departure and visit of **Monaco** and **Sanremo**.

Return to the hotel. Dinner and overnight stay.

Day 3

After breakfast departure and visit of **Imperia** and **Dolceacqua**.

The trip starts in Imperia, capital of the olive oil and a quite peculiar city, split up in two centres: Oneglia and Porto Maurizio. Later on, our trip leads up Imperia's valley to the traditional restaurant "Da Elvira", where we'll have Elvira's absolute specialty: her extraordinarily delicious pasta!

The guests have the possibility to participate in a nice little game while

Transfer by bus to Monaco. Sight-seeing of the old town centre and the Prince's residence on the fortress. We will visit the Cathedral with the Royal Family's graves and watch the change of the guard. A visit of the Exotic Gardens of Monaco should also not be missing. Subsequently, optional visit of the Casino.

In the late afternoon we explore Sanremo, the capital of the Riviera of Flowers. A stroll through the romantic old centre, along the Casino and the old Russian church.

eating: 6 different types of pasta will be served with 6 different sauces. Next to the cutlery will be placed pictures of the different pasta types and the according names. Now the guests have to combine them correctly. Who first recognises all different types will be the winner!

The first 3 winners will also receive a small present.

Continuation of the journey to Dolceacqua. Along the wine hills of the "Rossese"-wine we will head out to the Ligurian countryside until we arrive in Dolceacqua, a neat little village that dates back to the 12th century. You will surely be astonished by the impressive castle ruin, the narrow lanes and the typical stone houses as well as the medieval bridge that seems like a donkey's back. You should also not miss the performance at the local visionarium! (optional)

In the late afternoon return to the hotel. Dinner and overnight stay.

Day 4

After breakfast, departure to Genova.

The capital of the Liguria region might be a metropolis, but the city's history is inseparably connected to the sea: It is the birth place of the famous sailor Columbus, who discovered the continent of America.

One of the city's main attractions is the aquarium, which is the biggest of all Europe.

The city itself, with its beautiful harbour, the magnificent palaces and the old centre is definitely worth a visit! The art-historical treasures on churches and city palaces, though, are only one side of this extraordinary town, whose city-rush and noise you can easily leave behind hopping on to a small bucolian train descending from the "belle époque". Rattling at a speed of 35 km/h, it takes you through greenest valleys, passing by old castles and churches, until you reach the height of 400 metres; 24 km later, you arrive in Casella, a vivacious town stuffed with history.

Return to the hotel. Dinner and overnight stay.
